

Zuppy

Creator Partner Brief

Helping families build great habits — one chore at a time.

ABOUT ZUPPY

Zuppy is a family app that turns household chores into earning opportunities for kids. Parents assign tasks, kids complete them, and real money goes into their in-app wallet — teaching children that money is earned, not given. With built-in savings goals, a spend-save-give wallet, and a streaks and badges system, Zuppy makes financial responsibility genuinely fun for kids aged 4 to 16.

PAYMENT SCHEDULE

Payment date	Covers earnings from
20th of each month	All signups confirmed by the 15th
5th of each month	All signups confirmed by end of prior month

Payments via direct bank transfer. No minimums — every dollar earned is paid out.

Monthly retainer opportunity: There is no retainer at this stage. However, top-performing creators will be considered for a paid monthly retainer after 3–6 months, based on content quality and consistent results. We're building long-term partnerships, not one-off campaigns.
